3. To take the class as a self study, arrange to pick up the material (workbook) from an instructor offering the self-study course. The instructor will:
  - Help you understand how to use the workbook
  - Be available to answer questions about the material once you begin the self-study (by phone and/or e-mail)
  - Arrange a time for you to return to their office to take the written test.
  - To successfully complete the self-study course, you must complete the workbook practice quizzes and pass the written test..

**IMPORTANT:** No one is required to perform a delegated task. If you choose to do a delegated nursing task, you must take this class and meet the rest of the requirements described in this brochure. You must do all of these things before you perform a delegated task.
